

Safety Data Sheet

1) Identification of Material and Manufacturer

Product Name	Iodic Acid
Product Use(s)	Industrial Precursor
Manufacturer/Seller	IodiTech Inc.
Address	951 N. Topping Ave., Kansas City, MO, 64120 U.S.A.
Emergency Telephone	Chemtrec 800.424.9300
E-mail	info@ioditech.com

2) Hazards Identification

Chemical Name	Iodic Acid, HIO ₃
Classification of Substance	Corrosive, Oxidizer
CAS	7782-68-5
OSHA PEL	None Established
ACGIH TLV	None Established

3) Composition Information

- *This product is hazardous.*
- *Avoid inhalation and contact with skin or eyes.*

Ingredient	Concentration
Iodic Acid	47%-55% w/w

Iodic Acid

Prepared by: T. Doty, Director of Quality Assurance

1 Revised 02/01/2014

4) First Aid Measures

Inhalation	Move victim to fresh air. Seek immediate medical attention.
Skin Contact	Wash exposed area thoroughly with soap and water. Seek immediate medical attention.
Eye Contact	Immediately flush eyes with water, remove contacts if present, flush with water for another 15 minutes. Seek immediate medical attention.
Ingestion	Promptly drink large quantities of water, vegetable or mineral oil. Seek immediate medical attention. Do NOT induce vomiting.

5) Firefighting Measures

Extinguishing Media	Carbon dioxide, or foam
Special Hazards	May produce iodine and hydrogen iodide fumes. Will increase intensity of flames if exposed.
Additional Information	Firefighter should wear self-contained breathing apparatus, if possible.

6) Accidental Release Measures

In case of spill, leak, or release	Large spills should be handled only by individuals trained in hazardous material handling. Keep combustibles such as wood, paper, oil etc. away from spill. Wear appropriately respiratory devices and protective clothing when cleaning up spill. Use a non-combustible material such as sand or vermiculite to cover spill or soak up spill. Place spilled material in non-combustible and properly labeled drum. DO NOT dispose of in regular waste containers, may create spontaneous combustion. Flush area of spill with water after removing spill.
Method of waste disposal	Follow all local, municipal, state, and federal guidelines, if in the United States of America. For all other countries, consult local, regional, or country regulations as applicable to a hazardous, corrosive product.

- ***This material is hazardous.***
- ***Material may be placed in appropriate containers and disposed of in accordance with applicable governmental agencies for your location.***
- ***Remaining residues may be washed to drain if allowable by law.***

Iodic Acid

Prepared by: T. Doty, Director of Quality Assurance

2 Revised 02/01/2014

7) Handling and Storage

<ul style="list-style-type: none"> • Store in cool, dry location 	<ul style="list-style-type: none"> • Protect from heat, light, moisture 	<ul style="list-style-type: none"> • Must use with adequate ventilation
<ul style="list-style-type: none"> • Chemical resistant gloves must be worn 	<ul style="list-style-type: none"> • Do NOT dispose of soiled clothing, gloves, etc. in regular refuse containers. 	<ul style="list-style-type: none"> • Wash hands thoroughly, immediately before and after use
<ul style="list-style-type: none"> • Do NOT reuse containers 	<ul style="list-style-type: none"> • Do not use waterless hand cleaners 	<ul style="list-style-type: none"> • Use good personal hygiene
<ul style="list-style-type: none"> • Use chemical resistant apron 	<ul style="list-style-type: none"> • Safety glasses or goggles must be worn 	

8) Exposure Controls and Personal Protection

Iodic Acid	OSHA PEL	None Established
	ACGIH TLV	None Established

Engineering Controls	Use adequate ventilation from mechanical source to control airborne vapor exposure.
Personal Protection	<ul style="list-style-type: none"> • Wear a NIOSH/MSHA-approved respirator with a HEPA cartridge or equivalent. • Wear chemical resistant gloves based on nitrile, neoprene, or rubber construction. • Wear safety glasses with side shields, or goggles. • Wear body protection to avoid skin contact.

9) Physical and Chemical Properties

Iodic Acid

Prepared by: T. Doty, Director of Quality Assurance

3 Revised 02/01/2014

Appearance	Colorless to pale-yellow	Flash Point	Non-Flammable
Odor	Odorless or ozone	Est. Explosive Range Limit	LEL - Not Available UEL - Not Available
Odor Threshold	Not Established	Flash Point Method Used	Not Applicable
pH	<1 (as 50% solution)	Partition Coefficient	Not Available
Melting Point	Not Applicable	Decomposition Temperature	Not Available
Boiling Point	Not Available	Viscosity	Not Available
Vapor Pressure	Not Available	Explosive Properties	Not Explosive
Evaporation Rate	Not Available	Oxidizing Properties	Not an Oxidizer
Solubility in Water	Complete	Other Information	Contains Iodine

10) Stability and Reactivity Data

Chemical Stability	Stable, when stored properly, color may darken when exposed to sunlight.
Conditions to Avoid	Combustibles, reducing agents, chlorinated compounds, high heat, light
Incompatibility	Combustibles, reducing agents, chlorinated compounds, high heat, light
Hazardous Polymerization	Will not occur
Hazardous Decomposition	Hazardous iodine or hydrogen iodide fumes may be released.

11) Toxicology Information

Iodic Acid	LD₅₀	Not Established
------------	------------------------	-----------------

Iodic Acid

Prepared by: T. Doty, Director of Quality Assurance

4 Revised 02/01/2014

- *Not considered orally toxic except with extreme intake levels.*
- *This product is a skin corrosive and irritant under normal exposure.*
- *After exposure skin will become irritated and demonstrate redness, pain, dryness and itching.*
- *Will cause eye irritation as evidenced by pain, redness and tearing of eyes.*
- *Will be corrosive or irritating to respiratory tract under normal conditions.*
- *Avoid breathing vapor.*
- *Increased nasal mucous membrane production and increased tears in eyes may occur upon breathing mist.*
- *Germ cell mutagenicity has not been conducted for this material.*
- *This product does not contain any known carcinogens.*
- *This product does not cause reproductive toxicity.*

12) Ecological Information

Toxicity	Not toxic to environment under U.S. EPA regulations.
Persistence/Degradation in Environment	Expected to completely degrade under typical circumstances under U.S. EPA standards.
Bioaccumulation	Does not accumulate under U.S. EPA standards.
Mobility in Soil	Not studied.

13) Disposal

- *Under applicable U.S. Environmental Protection Agency regulations this material is not considered to be environmentally hazardous in regards to waste disposal.*
- *Follow all local, municipal, U.S. state, and U.S.federal regulations if in the United States of America.*
- *For other countries consult your local, area, or country regulatory authority as applicable to a hazardous product.*

14) Transportation and Shipping

Americas Region	Corrosive, Class 8
------------------------	--------------------

Iodic Acid

Prepared by: T. Doty, Director of Quality Assurance

5 Revised 02/01/2014

Proper Shipping Name	Corrosive liquid, oxidizing, n.o.s. (Iodic acid Sol.) 8
U.N. Number	UN 3093, PG II
International	Follow U.N. recommendations on The Transport of Dangerous Goods, 17th edition, revised
Ocean	Follow IMO International Maritime Dangerous Goods Code
Air	Follow IATA Dangerous Goods Regulation

15) Regulatory Information

CERCLA Sec. 103 RQ#	NO	EHS 302 TPQ	NO
RCRA Sec. 261.33	NO	TSCA Listed?	YES
SARA Sec. 261.33 RQ#	NO	EPA Special Hazard	NO
SARA 312 Name List	YES	CA Prop 65	NO
SARA 313 Name List	YES	REACH Listed?	NO

SARA Section 312 Hazardous Categories	
Immediate (acute) Health Hazard	YES
Delayed (chronic) Health Hazard	YES
Fire Hazard	NO
Reactivity Hazard	YES
Sudden Release of Pressure	NO

16) Other Information

The information contained herein is based on the data available to us and is believed to be accurate. However, no warranty is expressed or implied regarding the accuracy of this data or the results to be obtained from the use thereof. We assume no responsibility for
