

Technical Data Sheet

Iodophor AE 20% Concentrate

20% Iodine Content

Product Code: 0778

Note:

All FDA regulated uses require the manufacturer to obtain necessary approvals and authorizations from the appropriate agency before stating label claims.

Use as a base manufacturing raw material for the formulation of wound sprays, teat dips, animal shampoos, hoof care products, and other veterinary uses. Environmentally friendly surfactant base.

IodiTech's Iodophor Concentrate is made using the purest raw materials, from the most reliable sources, in a state-of-the-art production facility. This product meets, or surpasses, all FDA guidelines for ingredients.

Technical Identification and Description:

Chemical Name:	Alkyl alcohol ethoxylated iodine complex (as an iodophor)
CAS:	68439-47-4
Specific Gravity:	1.327 @ 25°C
Bulk Density:	11.5 lbs/gal
Appearance:	Dark brown to nearly black viscous liquid.

Technical Data Sheet

Typical Analysis:

Assay (titratable iodine)	20% minimum
pH	< 1

Available Quantities:

600 lbs 0078-600

2500 lbs 0778-2500

Note: Packaging containers are polyethylene drums or polyethylene totes in steel cage.

Recommended Storage:

Containers should be kept closed and stored away from heat exposure.
