

Technical Data Sheet

Iodophor BP 20% Concentrate

20% Iodine Content

Product Code: 0779

Note: All FDA regulated uses require the manufacturer to obtain necessary approvals and authorizations from the appropriate agency before stating label claims.

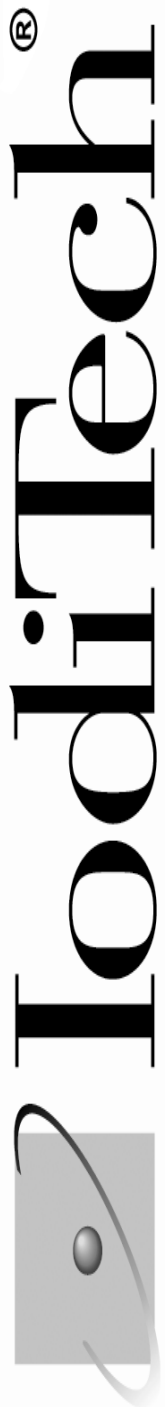

Use as a base manufacturing raw material for the formulation of equipment iodine rinses and solutions, wound sprays, teat dips, animal shampoos, hoof care products, hand antiseptics and various veterinary uses.

Based on cosmetic grade, skin friendly surfactant base. Biodegradable form of surfactant is Generally Recognized As Safe (GRAS) and is suitable for use in food environments.

IodiTech's Iodophor Concentrate BP 20% is made using the purest raw materials, from the most reliable sources, in a state-of-the-art production facility. This product meets, or surpasses, all FDA guidelines for ingredients.

Technical Identification and Description:

Chemical Name:	Ethylene oxide/propylene oxide block copolymer-iodine complex (as an iodophor)
CAS:	Iodine: 7553-66-2 Polyethylene-polypropylene oxide: 9003-11-6 block copolymer
Weight/gallon:	10.87 pounds per gallon
Specific gravity	1.26 - 1.35
Appearance:	Dark brown to nearly black viscous liquid.

Technical Data Sheet

Typical Analysis:

Assay (titratable iodine)	20% minimum
pH	< 1

Available Quantities:

600 lbs	0078-600
2500 lbs	0778-2500

Note: Packaging containers are polyethylene drums or polyethylene totes in steel cage.

Recommended Storage:

Containers should be kept closed and stored away from heat exposure.
