

Technical Data Sheet

Ioplex 20

20% Iodine Content

Product Code: 0777

Note:

All FDA regulated uses require the manufacturer to obtain necessary approvals and authorizations from the appropriate agency before stating label claims.

Use as a base manufacturing raw material for the formulation of wound sprays, animal shampoos, hoof care products, and other veterinary and agricultural uses.

IodiTech's Ioplex 20 is made using the purest raw materials, from the most reliable sources, in a state-of-the-art production facility. This product meets, or surpasses, all FDA guidelines for ingredients.

Technical Identification and Description:

Chemical Name:	Nonylphenoxy-polyethoxy ethanol-iodine
CAS:	35860-86-7
Specific Gravity:	1.30 @ 25°C
Bulk Density:	10.8 lbs/gal

Technical Data Sheet

Typical Analysis:

Assay (titratable iodine)	20% minimum
---------------------------	-------------

Available Quantities:

165 lbs	0777-165
600 lbs	0777-600
2500 lbs	0777-2500

Note: Packaging containers are polyethylene drums.

Recommended Storage:

Containers should be kept closed and stored away from heat exposure.
